

# BX-SRS-506 Organic silicone resin

## I. Product Description

### Basic Features:

This product has good resistance to high temperature, electrical insulation and moisture resistance. It can be used to produce the adhesive that used for glass cloth laminate and laminated plastics, H Grade motor, electrical insulation material and so on.

## II. Technical Specifications

Item	Index
Appearance	Colorless to light yellow transparent liquid, opalescent light is allowed
Viscosity(4#Cup, 25°C) ,S	12-30
Solid content%	50±1

Note: The above data are for reference only and are not guaranteed technical specifications.

## III. Packaging and Storage:

This product is packed in 200 kg iron drum, stored in a cool and dry place, avoid direct sunlight, avoid acid and alkali contact. Storied and transported as dangerous goods.

## IV. Instructions:

1. The diluent used in this product should not contain water, acid, alkali, amine and other compounds, otherwise it will affect adhesion, dryness and other properties of paint film.
2. This product contains toluene and other flammable and explosive solvents. Attention should be paid to enhancing site ventilation during processing. Pay attention to fire prevention, anti-static, strictly cut off fire sources. Operators should pay attention to labor protection.
3. This product can be diluted with ketones, esters, toluene, xylene, etc.. The shelf life is half a year.
